## PA AND MUSIC EQUIPMENT AVAILABLE FOR USE

**PA** We have permanently installed in the conference room a PA for your use. This includes:

- Induction Loop for people with hearing difficulties
- Double deck CD recording facilities, (you will need to supply your own CD's), also playback facilities for CD.
- DVD player
- Switchable extension speakers that relay into the kitchen, dining room and lounge areas.
- 16 channel mixing desk Xenyx X1222USB
- Multicore moveable cable
- 3 mics (Sennheiser e835S) with leads and stands
- 2 double & 1 single DI boxes.
- 4 music stands
- There are also microphone sockets in the dining room and lounge areas.

**NB** If you require any other PA equipment or leads (ie jack to jack guitar leads etc) you will need to supply these yourselves but please refer to the Health & Safety section of this manual to ensure they comply with our requirements.

### **Musical instruments:**

- Keyboard (Yamaha Clavinova)
- Drum kit

**Data Projectors** One is set up permanently in the conference room projected onto a 2m screen. The data projector is installed in conjunction with the PA system where you can play a DVD.

We also have a data projector and pull down screen fixed in the games room as well, and also a stand alone data projector if required.

**PPL & PRC licence.** Please note Sizewell Hall does not personally have a need for these licences but all groups playing music, displaying words etc. **must** have the appropriate licences. Information on these can be obtained from [www.ccli.co.uk](http://www.ccli.co.uk)

**Wifi** there is free wifi available, but currently is very limited.
