

10TH - 13TH MAY

BIRD WATCHING BREAK 2022

We are excited to be running our popular bird watching break in May this year. Making the most of the spring-time bird watching opportunities at the nearby, world-renowned, RSPB Minsmere nature reserve.

John and Linda Marshall will once again be leading the break, with Liz Huxley also joining us to share her expertise.

There will be plenty of excellent food and lots of opportunities to watch birds and relax. The popular photo competition will be making a return and there will be seminars throughout the break to give you a chance to develop your birding knowledge.

The cost for the break is £160. You can find out more information and book your place on our website -
